BACK NUMBERS AND BINDING CASES

The present revised and extended form of the Journal dates from January, 1925, onwards. We can supply complete sets of twelve copies for any year from that date onwards at the following rates, postage extra :—

	s.	d.
1925, 1926. Complete set of 12, unbound, with Index ..	15	0
1927, 1928, 1929. Complete set of 12, unbound, with Index ..	12	6
1930. Complete set of 12, unbound, with Index	10	6
1925, 1926, 1927, 1928, 1929 and 1930 Special Binding Cases each	4	0

We take this opportunity of drawing attention to the following specially interesting back numbers, which have been in special demand. We are prepared to supply any of these at a uniform rate of 1/- a copy, post free, whilst they last.

Date	Chief Feature
1925 May	A Survey of the Lighting of 800 Retail Shops (W. Jones and H. Lingard).
July	Natural and Artificial Sunlight in Health and Disease (C. W. Saleeby).
1926 April	Stage Lighting (H. Lester Groom).
June	School Lighting (Dr. James Kerr).
1927 January	Flood Lighting (W. J. Jones, H. Lingard and T. Catten).
February	The Illuminating Engineering Movement in England (A record of papers read before the Illuminating Engineering Society from 1909 to 1927).
May	Artificial Light as an Aid to Aerial Navigation (H. N. Green).
October	Association of Public Lighting Engineers (Con- ference in Brighton).
1928 January	An Investigation of Electric Lighting in the Engineering Industry (J. L. H. Cooper).
May	The Manufacture and Properties of Glass and their Application to Illuminating Engineering; Part I (Dr. S. English).
June	Daylight, Artificial Light and Artificial Daylight (J. S. Dow).
August	Association of Public Lighting Engineers (Con- ference in Sheffield).
1929 January	The Application of Electric Light to Advertising (H. Lingard).
April	Architectural Lighting (Waldo Maitland).
June	The Manufacture and Properties of Glass and their Application to Illuminating Engineering; Part II (S. English).
October	Association of Public Lighting Engineers (Con- ference in Bournemouth).
1930 February	The Art of Stage Lighting (Harold Ridge).
April	Modern Incandescent Lighting in Kinema Studios (W. A. Villiers).
May	The Lighting of Textile Mills (S. Anderson).
June	Luminous Traffic Signals (T. Austin).
October	Association of Public Lighting Engineers (Con- ference in Leicester).
December	The Lighting of Offices and Public Buildings (J. A. Macintyre).

The stock of copies of the journal prior to 1925 is now extremely limited ; some individual copies are completely out of print. We have, however, a few bound volumes and a number of single copies still available. Particulars and prices of these will be furnished on application.
